(P.T.O.)

::2::

As per instructions of the Superintending Engineer, he has stuck onto M-20 grade mix instead of M-30 grade mix for concrete pavement, if it fails in strength after core cutting test allow with provisional rate to contractor equal to M-20 mix, instead of agreement rate for M-30 mix. Thus, he is very well known that, the work is not carried out as per the specifications. Reasons whatever may be, the work has to be carried out as per agreement conditions. He has agreed with the version of the Executive Engineer given to the V&E Officials. The version is that, "**he will allow**" M-20 mix CC pavement only based on test result and not the agreement rate of M-30 mix and also stated that only part bill with provisional rate (Approx M-20 rate) was paid to the contractor and final bill not paid to contractor and "**will be paid**" after approval of completion report and there will not be any financial loss or burden to Government as the rate recommended for CC M-20 grade mix is lesser than the agreement rate (For CC M-30 grade mix).

The version of the officer is not correct. Had the works not been inspected by the V&E officials, there would have been huge financial loss to the Government. The version of officer that, "**he will allow M-20 mix and there will not be any loss to Government is objectionable.**" He should have been act as per agreement conditions which was not done by him. He even though knowing all the facts, he has super checked the work for his personal gain which is not correct.

Therefore, Sri P. Nagaiah, formerly Deputy Executive Engineer (FAC) PRSD, Nalgonda now Assistant Engineer (Spl) PRSD Nalgonda has failed to discharge his legitimate duties properly. Thus his action is in violation of Rule (3) T.S.C.S. (Conduct) Rules, 1964.

Hence, the Charge.
